

Lucas TCS is committed to protecting the Health and Safety of all Workers and other persons working or visiting sites whose Health and Safety could be placed at risk through exposure to hazards that may be generated by our operations.

Lucas TCS is committed to:

- Maintaining compliance with our obligations under all Acts, Regulations and other applicable obligations relevant to the jurisdictions in which we operate with regard to Work Health & Safety as well as supporting Legislation, Acts, Australian Standards, Approved Codes of Practice and Guidelines.
- Ensuring our HSEC Management System is integrated within corporate philosophy, business management systems and commercial operations and is continually improved.
- Maintaining our best practice Hazard Management approach to HSEC which includes the identification, assessment, prompt removal or control, monitoring and review of the hazards and risks to Health & Safety to provide a safe and healthy working condition to prevent work-related injury or illness;
- Providing all levels of management, workers and contractors with the knowledge and skills to carry out their HSEC roles and responsibilities;
- Ensuring Plant & Equipment provided for use by employees are assessed for all risks to health and safety and are maintained in a safe condition as per manufacturers recommendations.
- Maintaining our effective consultation mechanisms that enable management, Workers and contractors to contribute to the effective management of HSEC;
- Maintaining appropriate communication systems for the provision of information including regularly reviewed Policies, Standards, HSEC System Procedures, Safe Work Method Statements, Guidelines, reporting and feedback mechanisms to guide the management of Health and Safety;
- Where required the effective use of appropriate internal and / or external expertise, and
- Provision of equitable claims management, effective consultation and sustainable rehabilitation and return to work programs for workers who have sustained work related injuries.

Responsibilities

All directors, managers, supervisors, workers, contractors and other persons will be inducted and held accountable for implementing their roles and responsibilities as defined in the HSEC Roles & Responsibilities Management System Procedure and supporting documentation.
